

# Who we are?

A leading manufacturer and distributor of wear resistance products

## Our presence

CANADA

INDIA

EGYPT

## Our Products

Chromium Carbide Overlay Plates	Welding Wires - Flux cored	Welding Electrodes
RWP 99- A CrC plate with 56-60 HRC Hardness and perfect for high abrasion	RWF 100- A CrC wire with 56-60 HRC Hardness and perfect for high abrasion	RWE 100- A CrC welding electrode with 56-60 HRC Hardness and perfect for high abrasion
RWP 99 Xtra - A XCrc plate with 58-62 HRC hardness and perfect for extreme abrasion and erosion	RWF 100 SPL - A XCrc wire with 58-62 HRC hardness and perfect for extreme abrasion and erosion	RWE 100 SPL - A XCrc welding electrode with 58-62 HRC hardness and perfect for extreme abrasion and erosion
RWP 99 CC - A Complex carbide plate with 60-65 HRC Hardness and perfect for high temperature extreme abrasion and erosion	RWF 100 CC - A Complex carbide wire with 60-65 HRC Hardness and perfect for high temperature extreme abrasion and erosion	RWE 100 CC - A Complex carbide welding electrode with 60-65 HRC Hardness and perfect for high temperature extreme abrasion and erosion
RWP SlimHard - A super complex carbide plate with 60-65 HRC ideal for reducing thickness in moving parts while maintaining the same wear resistance.	RWF NanoT - A wire with particles crushed in minute sizes to ensure uniform distribution of properties and increasing the density of carbides per square inch giving hardness up to 70 HRC	RWE NanoT- A welding electrode with particles crushed in minute sizes to ensure uniform distribution of properties and increasing the density of carbides per square inch giving hardness up to 70 HRC

## Our industrial segments

- Cement
- Mining
- Steel
- Glass
- Fertilizer
- Waste recovery
- Thermal Power
- Construction
- Any other process industry with frequent changeover of parts

## Milestones

Manufacturing	Distribution
<ul style="list-style-type: none"><li>• A total manufacturing capacity of 1000 plates a month</li></ul>	<ul style="list-style-type: none"><li>• Helping large OEMs</li></ul>
<ul style="list-style-type: none"><li>• Presence in 3 continents</li></ul>	<ul style="list-style-type: none"><li>• Distributors in all major economies</li></ul>
<ul style="list-style-type: none"><li>• Product used and widely accepted all over the world</li></ul>	<ul style="list-style-type: none"><li>• Fastest Delivery time due to multiple manufacturing locations</li></ul>
Vision	Mission
<ul style="list-style-type: none"><li>○ To help our customers reduce their usage of parts and machinery by providing them best possible wear resistant products</li></ul>	<ul style="list-style-type: none"><li>• To be the largest producer of anti wear products including anti wear welding consumables and parts made by those</li></ul>
